Dear Sir:

This is a request for a Certificate of Correction with respect to the above-identified U.S. Patent. An original and one copy of Form PTO-1050 are enclosed with the corrections indicated thereon in appropriate form.

The error indicated is not due to any mistake of the applicant, but apparently a printing error. It is requested that a certified copy of the Certificate be returned for attachment to the patent.

The printing error is believed to be sufficiently significant that an undesirable interpretation may be placed upon the patent language.
